Wife of the Prisoner Relates Her Experience-With Man He Killed--Years Ago.

## TELLS HER SHAME WITH DIFFICULTY

Thaw Sits With Face Covered While His Wife Lays Bare The Secrets Of Her Past Life To The Court.

[BY ASSOCIATED PRESS.]

New York, Feb. 7.—While the Thaw jury was on its way to court this morning a man on the street called out "Vote for Thaw." He was arrested and arraigned before Justice Fitzgerald.

Mrs. Thaw on Stand

Evlyn Nesbitt Thaw was the first witness today. Mrs. Thaw declared that Stanford White was at the Cafe Martin, right she and Thaw dined there and she saw him.

Mrs. Thaw said the note she handed her husband the night of the murder related a luncheon in 1901 and that he appeared to her to be "very big and ugly." She had been told that she was going out to luncheon with some society folk and expected that the little party would be at the Waldorf-Astoria. However, she was taken to a dingy twenty-fourth street house.

In Mirrored Bedroom

She further testified that White sent her mother to Pittsburgh and took herself to one of his studios where the two dined alone. Then she told of an experience with White in a mirrored bedroom. She said she screamed and screamed but he said "it is all over." White made her promise she would never tell her mother and assured her that nothing was wrong.

The Thaws in Tears

As she was relating this story she broke down and it was with difficulty that she was able to continue.

## PENITENTIARY FOR SALE; IN RESIDENCE DISTRICT

Building And Equipment Of Kings County, N. Y., Will Go To Highest Bidder

At Auction Tomorrow.

[SPECIAL TO THE GAZETTE.]

New York, Feb. 7.—If the Chicago party who attracted attention some time ago by declaring his intention to build a private prison at Joliet because the authorities would not imprison him in the regular state penitentiary will visit Brooklyn tomorrow he will have an opportunity to buy the genuine article at a bargain. At 11 o'clock tomorrow morning the Kings County Penitentiary building and all its fittings will be sold to the highest bidder.

By April 1 the historic old prison, which is a conspicuous feature of the landscape as it stands perched on a hill on the way to Coney Island, will have an opportunity to buy the genuine article so long ago that the exact date of its erection is in doubt. At that time the location was an isolated

one. But in late years the city of Brooklyn has grown so rapidly that hundreds of handsome homes now stand within a stone's throw of the sombre old edifice and it finally became such an eyesore to the community that the authorities were prevailed upon to let it fall in the march of progress and public improvement. Since the demolition of the old Tombs the Kings County Penitentiary has had the unenviable distinction of being the most historic prison in the vicinity of New York. It has held many notorious criminals in its day. But now the old prison has played its part in the history of the metropolis and it will soon vanish, leaving as the only reminder of its existence innumerable stories, in some of which tragedies are strangely interwoven with romances.

## DOCK LABORERS OF ITALY WORK AGAIN

Naples, Feb. 7.—The new steamship Brasilo, of the La Veloce line, sailed for New York today, being the first of the regular liners to leave Italian ports for New York since the inauguration of the dock laborers' strike some months ago. Now that the strikers have finally yielded in their demands it is expected that the freight and passenger traffic with America will speedily resume its normal proportions.

## COUNT CREIGHTON HAS PNEUMONIA

Noted Philanthropist Critically Ill with Pneumonia and Complications.

[BY ASSOCIATED PRESS.]

Omaha, Neb., Feb. 7.—Count John A. Creighton, the noted philanthropist, is ill here with pneumonia and other complications and is not expected to survive the day.

John A. Creighton, Knight of St. Gregory, Count of the Holy Roman Empire, was one of the strangest characters in the United States. An American citizen, he bore the title of count, a native of Ohio and a resident of Nebraska, he had been endowed with the further title of knight.

Count Creighton, as he was called in his home city, was born in Perry county, Ohio, in 1833, receiving his primary education at the public schools of the county, and then pursuing a course of study in the college of the Dominicans at Somerset, Ohio.

In early manhood he became a western pioneer, migrating to the home of his brother, Edward, Creighton, at Omaha. With his cousin, James Creighton, he became manager of the great enterprises then being conducted by his brother Edward. Among other works he superintended the construction of the Western Union telegraph line from Omaha to Salt Lake City. While attending to his brother's affairs he became for some years a resident of Montana, seeing active service as a plainsman, an Indian fighter, a freighter and an enterprising business man. On his return to Omaha he married Miss Emma Wareham of Dayton, Ohio, and then took up his permanent residence at Omaha.

His first business venture in the Nebraska metropolis was in the grocery line. He rapidly accumulated wealth and was able to withdraw from commercial life to look after his properties. With his cousin, James Creighton, he superintended the construction of Creighton college at Omaha, a free classical institution endowed by his brother. Later Count Creighton from his own resources added several hundred thousand dollars to the endowment of the institution. Shortly after the construction of Creighton college, Count Creighton out of his own funds founded and endowed, and afterwards maintained to a large extent, the Convict of the Poor Clares at Omaha. The institution is now one of the most flourishing in the city. Upon the death of his wife, seventeen years ago, Count Creighton established a fund in memory of his wife, Mrs. Josephine Creighton, for the support of a hospital at Omaha, a hospital not equalled at that time in size, architecture or equipment in the west. Still looking for opportunities to put his vast fortune to good uses, Count Creighton some years ago founded and endowed the John A. Creighton Medical college at Omaha as an adjunct to the Creighton college or university, as it is now called.

While these are the most important gifts of Count Creighton to learning and religion, the amounts he expended in charities and for the benefit of institutions already endowed by others aggregate hundreds of thousands of dollars. But he was not alone in religious work that Count Creighton bequeathed the public at large. He was the proprietor of the most successful meat packing industry of the west. He was the president of a bank at Butte, Mont., and an officer or director in numerous large corporations founded for the upbuilding of the west, such as irrigation and land companies and railroad corporations. His wealth, estimated to be in the neighborhood of \$10,000,000, is almost entirely in real estate and buildings.

RUSHING BILLS IN STATE LEGISLATURE

State Legislature Busy With Proposed Laws—Many Radical Measures Are Presented.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., Feb. 7.—Bills are pouring into the legislature by the hundreds, this week being the last for the introduction of new measures. Today the senate received proposals for a graduated income tax, a general referendum, and that the state establish a fire insurance department to underwrite for actual cost, all proposing constitutional amendments.

Among the senate bills were: By Hazelwood, an appropriation of \$100,000 for a new home for the feeble minded; \$40,000 annually for the university extensions; \$50,000 annually for aid of county free high schools. By Pearson, to let a judge revoke or suspend the license of convicted saloonkeepers. By Rummel, a referendum on acts of common councils and county boards. By Fairchild, giving the state the right of appeal in criminal cases, giving the county fifty percent of five percent of the inheritance tax also twenty life insurance regulation bills. The senate again postponed action on the La Follette railroad employee limitation resolution. In the assembly the social democrats offered their daily bunch of radical measures and some saloon proposals came affecting the revocation of licenses of law-breaking saloonkeepers.

Old Soldiers Meet: The meeting of W. H. Sargent Post, Grand Army of the Republic, to be held tomorrow evening, will be of unusual interest to every member of the G. A. R., and it is probable that the rooms will be crowded, as it will be interesting to every one who comes.

## WHITEHEAD'S RESOLUTIONS

Hamilton, Richardson, Allen, Perry,  
Lovejoy and James Sutherland  
Are Remembered.

To commemorate the services  
of the late Hamilton Richardson, Allen  
Perry Lovejoy and James Sutherland  
in the Wisconsin legislature, Senator  
John M. Whitehead of this city  
representing the same district, has  
offered resolutions to be spread upon  
the journals. Those for Mr. Richardson  
and Mr. Lovejoy are joint resolutions,  
both having served in assembly  
and senate, and that for Mr. Sutherland  
is simply a senate resolution,  
he having been a member of that  
house. The minutes follow:

**JOHN R. RESOLUTION.**  
Hamilton Richardson was born on  
a farm in Genesee county, New York,  
on October 17th, 1820. He had a  
good common school education, and  
was trained to business from his  
youth in New York, Michigan and  
Wisconsin. He first came to Milwaukee  
in 1842 and located in Janesville  
in 1846, which, during an absence  
of five years in California, was his  
place of residence and of business  
until his death. He was an enter-  
prising citizen, and prominently  
identified with the commercial, finan-  
cial and manufacturing interests of  
his city. In 1864, he represented the  
Janesville district in the assembly  
and during the sessions of 1877-1882  
was state senator from the Seven-  
teenth district, Rock county. He was  
afterwards postmaster of Janesville.  
At an advanced age, in full posses-  
sion of his faculties and enjoying  
the respect of his fellow citizens, he  
died suddenly at his home in Janes-  
ville on September 22d, 1906.

As a mark of respect to his memory,  
by the senate, the assembly con-  
curring.

Resolved, That the foregoing min-  
ute be spread upon the journal of  
each house, and that a copy thereof,  
properly signed by the presiding offi-  
cers and chief clerks of the two  
houses, be forwarded to his family.  
**JOINT RESOLUTION.**  
Allen Perry Lovejoy, who repre-  
sented the Janesville district of Rock  
county in the assembly in 1869 and  
the same county, being then the Sev-  
enteenth district, in the senate in  
1887 and 1889, was born on a  
farm in Wayne, Maine, on March  
20th, 1825. Before leaving his native  
state he taught country school. Having  
learned the trade of a carpenter,  
he came to Wisconsin in 1850. Soon  
after that, having walked from Mil-  
waukee, he located in Janesville.  
There in 1859 he engaged in the lum-  
ber business. He prospered and in  
time his business activities included  
banking and manufacturing, and ex-  
tended beyond the limits of his city  
and state. Starting in an humble  
station in life he achieved both  
wealth and honors and closed his  
long and busy career at his home in  
Janesville on March 18th, 1904.

As a mark of respect to his memory,  
by the senate, the assembly con-  
curring.

Resolved, That the foregoing min-  
ute be spread upon the journal of  
each house and that a copy thereof,  
properly signed by the presiding offi-  
cers and chief clerks of the two

**RESOLUTION.**  
James Sutherland, who represented  
in the senate during two terms, 1855-  
56, the Seventeenth, one of the two  
senatorial districts of Rock county,  
died at his home in Janesville, on  
October 20th, 1905. He was born on  
a farm in Smithfield township, Jet-  
terson county, Ohio, March 20th, 1820.  
He was prepared for college in a  
neighboring academy, but his health  
failed, and he engaged in business.  
In 1847 he took up his residence in  
Janesville and in 1848 opened a book-  
store there which he conducted until  
he died and which at his death was  
the oldest bookstore in the state. He  
was the first superintendent of city  
schools and twice mayor of his city.  
In the senate he successfully advo-  
cated legislation to establish normal  
schools and academies. For many  
years he was interested in and a  
member of the Wisconsin Historical  
society. He was successful business  
man, an esteemed citizen, a student  
of public affairs, a good writer and  
an acceptable speaker.

As a mark of respect to his memory,  
by the senate, the assembly con-  
curring.

Resolved, That the foregoing min-  
ute be spread upon the journal of  
each house and that a copy thereof,  
properly signed by the president  
and chief clerk, be forwarded to his  
family.

"GIRL AND BANDIT"  
THIRD APPEARANCE

Viola Gillette is the Only Artist of  
Exceptional Talent in the Pres-  
ent Organization.

For the third time in about thirty  
months "The Girl and the Bandit"  
comic opera, was presented to a  
Janesville audience at the Myers, the  
last evening. On the two pre-  
vious occasions the dainty lyrics,  
the bright comedy, and the haunting glam-  
our of the Venetian romance were un-  
folded by the best singing and acting  
organizations which in their time had  
visited here. Last night the signs  
that feebleness and decrepitude had  
overtaken this splendid creation of  
the past were only too evident. The  
successors of Joseph Miron, the bandit,  
the "Cherry" of Alice Dovey, the  
"Angelo" of Harry Carter, and the  
"Queeress" of Mabel Hite—W. Sel-  
lery, Laura Witt, F. Knights, and Miss  
Pam—all meant well, and with the  
exception of Knights, "Angelo," who  
had a fair voice but put about as  
much expression and fervor into his  
wooing as might be expected of a  
mildly animated hitchhiker, per-  
formed their various roles with a  
degree of success. Yet they were all  
only imitators. Sellery lacked the  
booming basso which made Miron's  
bandit so effective and the feyety ec-  
centricities and mannerisms of Miss  
Pam's "Queeress" seemed often for-  
ced and too nearly copied from the  
original. Of the old companies only  
Miss Viola Gillette, the splendid pri-  
ma donna contralto and George J.  
MacFarland, the baritone, remained,  
and the former's song numbers, the  
beautiful scene of the City of Canals,  
the dance of Sam Mylie (as "Daniel  
Clancy") and the "Little Crows,"  
and the trio comedy skit in the last  
act, were the redeeming features of  
a performance that needed to be re-  
deemed. "The Love Me, Trust Me"  
aria was omitted. Gone also was the  
"Show-Flake" song. Costumes were  
good. The chorus was well drilled  
and sang with considerable volume.  
Attendance small.

STATE ASSEMBLY TO  
BE HELD IN BELOIT

Wisconsin Archeological Society to  
Meet in the Line City This  
Summer.

Much interest is being developed  
throughout the state in the archeologi-  
cal research. The Wisconsin Arche-  
ological Society has done much to  
stimulate this work and during the  
coming summer a meeting is to be  
held in Beloit and interesting papers  
read on the remains in the immedi-  
ate vicinity given and it is also plan-  
ned to open several of the Indian  
mounds that have thus far never been  
touched. Work in locating and com-  
menting upon the remains of a pre-  
vious occupancy of the county by In-  
dian tribes is being done by Professor  
Collie of Beloit College and Halvor  
C. Olson of this city. These two gen-  
tlemen have divided the county be-  
tween them and are at work making  
reports for the society to file in its  
archives for future reference. Among  
the Janesville people who have be-  
come members of the society recently  
are Horace McElroy, Archie Reid, H.  
E. Ranous, F. C. Grant, C. H. Ver-  
wick, and E. L. Clements. There has  
been some talk of organizing or rather  
reorganizing the Rock County Histori-  
cal Association with a view of  
having a goodly representation at the  
meeting in Beloit and steps with this  
view are being taken. The county is  
full of interesting relics that are  
fast being lost sight of in the increase  
of population and it is a work for fu-  
ture generations to mark them now  
and leave full accounts of them. The  
study of the past and the Indian  
life is most interesting and one which  
increases in interest as it is pursued.  
The Indians are the most superstitious  
people on earth, said an authori-  
tative who had taught for years in a  
Creek-Indian school. They have  
myths and legends by the score. Some  
of them are as beautiful and pictur-  
esque as the legends of the old Greeks  
and Romans, writes the Chickasha  
correspondent of the Kansas City  
Star.

I boarded for five years with a  
Creek Indian who had been educated  
at Carlisle. He knew the Indian  
legends and used to tell them to me  
and the children as we sat around the  
fire place on an evening. You know the  
Creeks have a legend that they are  
one of the lost ten tribes of Israel.  
This Indian was the son of a medicine  
man who was once great and powerful  
in the tribe. All his knowledge or In-  
dian lore came from his father, the  
medicine man.

This medicine man said that the  
Creeks were one of the lost tribes of  
Israel. The legend ran that they  
had wandered and become separated.  
They wandered for years far to the  
north until they came to a sea. There  
they built boats and embarked. They  
steered their course by the wand of a  
medicine man. Each morning he went  
to his temple and set up his divining  
rod and told them which direction to  
pursue. They followed this rod from  
warm country to cold and from the  
warm country to cold. The sea was  
crossed and then they traveled toward  
the south again.  
The Creeks have a covenant of their  
tribe which is kept with the chiefs. No  
one but the elect is ever permitted to  
see this guarantee of the genuineness  
of the Creek faith and origin.

## Checks to Flirtation.

"When I went abroad to Baden  
Baden last summer," said the little in-  
valid, "my husband gave me an Elk  
pin to wear and my father a Masonic  
one. They said if there were any Ma-  
sons or Elks on board ship they would  
look after me.

"Every blessed man on board was  
either a Mason or an Elk, and not a  
one of them would flirt with me on  
account of those pins."

"You can bet when I sailed for  
home I put those blooming pins in the  
trunk and kept them there."

## Valuable Prescription

Simple Home Made Remedy

Valuable Prescriptions and How to  
Prepare It if You Have Kidney or  
Bladder Troubles, or Rheu-  
matism.

To relieve the worst forms of Kid-  
ney Trouble and Rheumatism take a  
teaspoonful of the following mixture  
after each meal and at bedtime: Fluid  
Extract Uva Ursi 1 oz.; Banno Com-  
pound 1 oz.; Syrup Sassaaparilla 1 oz.;  
Syrup Prickley Ash Bark 1 oz.

These ingredients can be procured  
at any good drug store.

This prescription, states a well  
known authority, forces the clogged up  
inactive kidneys to filter and strain  
from the blood and system the poi-  
sonous waste matter and uric acid,  
which causes rheumatism. Relief is  
felt from the first few doses.

It is said if a person would take  
this prescription regularly, a few times  
a week would never have kidney or  
urinary disorders and rheumatism.  
This is a valuable remedy and es-  
pecially for elderly people.

Cut this out and preserve it. Good  
prescriptions for kidney, bladder, ur-  
inary troubles, and rheumatism are  
scarce and when you need it you want  
it badly.

400 ATTENDED THE  
MODERN WOODMEN'S  
MASQUERADE BALL

At Assembly Hall, Last Evening—An-  
nual Event Proved a Big Social  
and Financial Success.

Assembly hall was the scene last  
evening of the Fourth Annual Mas-  
querade Ball, given by Florence Cam-  
pau, 266, Modern Woodmen of Ameri-  
ca. Nearly four hundred braved the  
snow storm to participate in the festi-  
vities, and a large proportion of the  
guests were masked and garbed in  
costly and elaborate costumes. As usual,  
the comedy and ridicule was the great-  
est indulgence, but a goodly number  
too, undertook the more difficult task  
of essaying serious character roles.  
The grand march took place at 11:30  
with Elmer Bullard of Evansville, T.  
D. Donnelly and J. W. Van Buren  
in the judges' stand. Miss Louise  
Johnson, who appeared as the God-  
dess of Liberty, and maintained stand-  
ing on a pedestal in the center of the  
hall from half past eight o'clock until  
the midnight hour, was  
awarded the first prize of \$5.  
Mrs. Mary Lustig and Mrs. M. J. White,  
as maidens of the North, and the  
second prize of \$3, and the Indian  
family—Joseph and W. L. White,  
and little three-year-old Florence  
White—were presented with the  
third prize of \$2. None of the win-  
ners were members of the order.  
Knoff & Hatch's orchestra played and  
the festivities were in progress in the  
gaily decorated ball room until  
one o'clock this morning.

HENRY SANFORD ON  
DIVORCE PROBLEM

Prompt Prosecution of the Offending  
Party, He Thinks, Might Do Much  
to Lessen the Evil.

That the divorce decrees granted  
in Rock county have been increasing  
in number year by year during the  
past decade is an impression which  
Henry Sanford, the U. S. government  
statistical expert, confirms. He did  
not leave for Monroe, as intended,  
yesterday, and has delayed his de-  
parture until tomorrow. This morn-  
ing he talked in a general way about  
the 1931 cases which he has tabbed  
against this locality. The principal  
causes discovered in his investiga-  
tions were desertion, habitual drunk-  
enness, adultery, and seduction fol-  
lowed by marriage under duress.  
Each one of these, he points out, is  
a statutory crime and the rules of the  
court require sufficient testimony to  
be taken and filed with the case. Mr.  
Sanford believes that the evil might  
be checked by the passage of an  
enactment of a law making it obliga-  
tory on the part of the trial judge  
granting a divorce to instruct the  
prosecuting attorney to at once com-  
mence action against the offending  
party. "For the crimes of abandon-  
ment and desertion, as he understands  
it, the offender may be extradited,  
so that flight to neighboring states  
should prove no insuperable obstacle  
to enforcement. The records show  
that enforced marriages were fre-  
quently followed by abandonment  
within an hour after the ceremony  
was performed and Mr. Sanford be-  
lieves that this abandonment should  
be deemed a greater crime than the  
original offense, and punished accord-  
ingly. In about 50 per cent of the  
Rock county cases there were chil-  
dren who had to be provided for.

Speaking of government statistical  
work in general, Mr. Sanford, told  
about the extreme care that is taken  
to prevent the information, which is  
regarded strictly confidential, and  
presented only in the aggregate, from  
becoming general property. Manu-  
facturing and lumbering concerns,  
for instance, are unwilling to give  
the correct data of their business  
county clerks or even state officers  
because these keep the record of their  
names. The United States govern-  
ment takes cognizance only of the  
gross manufactured or natural wealth  
in a given locality and pays no at-  
tention to the ownership.

Sonic time ago when it was found  
that owing to a leakage advance in-  
formation regarding the cotton crop  
was reaching the stock exchange in  
New York, a special room without  
windows was built in the center of one  
of the buildings at Washington, and  
there the statisticians who were look-  
ing the totals of the reports remained  
day and night under a strict guard,  
their meals being brought to them  
until several hours after the report was  
finished.

All statistical information which is  
mailed to Washington is registered so  
as to prevent any possible interfer-  
ence enroute. In estimating such  
crops as those of corn, the grain in  
the ear is reduced to shelled bushels  
by formulae which not only vary in  
every state, but are changed every  
time an estimate is made, if an aver-  
age of results obtained after a careful  
inquiry among growers warrants it.  
The statistics given out by the gov-  
ernment are therefore as nearly ac-  
curate as human ingenuity and devo-  
tion to detail can make them.

answered the financial magnate. "You  
will have to promise that you won't  
use it on the first page."

Fire Last Night.—About eleven o'clock last night fire broke out in the barn belonging to Mr. Jno. Mitchell in the rear of the Rock County House. There were in the structure at the time five horses and two cows besides from 300 to 400 bushels of oats, a quantity of hay and some farming utensils. The animals were all got out, but none of the other property. This all belonged to Mr. B. Spence who keeps the Rock County House, whose loss is some three hundred dollars on which there was no insurance. The barn was insured in the Home of New York, Dimebank and Lawrence agents, for \$150. The fire also communicated to a henery belonging to Dr. Mitchell, which was consumed together with about a hundred chickens. All indications point to the conclusion that this conflagration was the work of an incendiary.

MONSTER FLOATING FORT  
PLANS FOR GREAT BATTLESHIP GIVEN TO SENATE.

Equal to Any Now Afloat or Planned—Details of Her Powerful Armament.

Washington, Feb. 7.—Senator Hale Wednesday presented to the senate the detailed plans for the big battleship which it is proposed shall be built as the equal of any fighting vessel now afloat or planned.

The general information as to the dimensions of the proposed ship were made public several months ago, but very little has been known as to the strength of the batteries.

This information now will be given to the public, including all foreign powers if they desire it, in the form of a public document. The plans call for a battleship 318½ feet long, with beam of 85 feet and 3½ inches and draft of 23 feet 5 inches, with everything on board.

The armament will consist of a main battery of ten 12-inch breech-loading rifles, mounted on five electrically controlled turrets on the center line, two forward above the forecastle deck, the second firing over the first, two aft on the main deck on the same level, and one amidships, firing over the two after turrets. There are to be two submerged torpedo tubes.

The second battery will consist of 14 five-inch rapid firing guns, four three-pounder saluting, four one-pounder semi-automatic, two three-inch field pieces, and two machine guns of 30 caliber.

The secondary battery of 14 five-inch guns will be located on the gun deck, forming two broadside batteries of seven guns each; the corner guns will be equipped for head and stern firing, respectively. Smaller guns will be located in commanding positions, so as to give a large unobstructed range of fire.

COLORADO SENATOR OUSTED  
Richard W. Morgan Is Expelled for Accepting a Bribe.

Denver, Col., Feb. 7.—Senator Richard W. Morgan of Boulder county, a Republican, was expelled from the state senate Wednesday afternoon by a vote of 29 to 1. His expulsion was recommended by a majority of a special committee of the senate, which found him guilty of having accepted a bribe.

This finding was based on the statement made to the senate in March, 1905, by Morgan himself, who handed to the secretary of the senate \$750 which he declared had been given him by James M. Herbert and Daniel Sullivan in consideration of his promising to vote for Alva Adams, Democrat, for governor in the Peabody-Adams contest.

When the vote on the contest was taken Morgan voted for Peabody. Morgan failed to appear before the investigation committee when summoned and was not in the senate when his expulsion was decided upon.

Death Mystery Is Cleared  
Washington, Pa., Feb. 7.—The mystery surrounding the death of Frances Martin, the 18-year-old girl found dead in the Forrest building last Sunday morning, but who died in the Lyric theater across the street, was cleared up Wednesday night at the conclusion of the coroner's inquest. Evidence was adduced to show the girl had taken a large quantity of strychnine with suicidal intent.

WHY NOT VISIT CALIFORNIA  
This winter? There will be an especially low rate during March and April. Colonists' second class one-way tickets \$32.00 from Chicago. A corresponding reduction in rates will be made from all points on The North-Western Line.

Our daily and personally conducted tours offer many advantages to the traveler, among which is our service of Pullman tourist sleeping cars, through without change, Chicago to San Francisco, Los Angeles or Portland, in which a double berth costs only \$7.00.

First-class round-trip tickets with very liberal return limits are sold daily. Consult the nearest agent of The North-Western Line for full information regarding rates, routes, etc.

## Double Yield of GULF COAST EXAG

Two Crops Per Year!  
That's the program in the Texas Gulf Coast Country. It's easy there, because the land works and produces every month in the twelve!

Think of it: \$500 per acre in cabbage—\$600 per acre in onions—\$3.30 a bushel for new potatoes—cucumbers bring \$3.00 a bushel in May at the Eastern markets. These and many actual, every-day results in fruit culture also can be proved to you. I can give you names and addresses of the people who are doing these things while you are reading this advertisement and the snow and cold weather are keeping you idle.

The WARM, DRY CLIMATE of the Texas Gulf Coast is the healthiest in the country. The irrigated land which you can buy now at \$25 per acre—is the richest in productivity.

The railroad facilities will place your products in the markets ahead of every other section of the country. You get fancy prices—you save in freight rates—you make money and enjoy good health.

Let me send you a 75-page illustrated book full of actual facts about that wonderful country. Read it. Let me send you names of people who own some of this land and are doing these things. Write to them. Buy a round-trip, inclusive ticket to any point on the St. Louis, Brownsville & Mexico Ry. go down and look the country over. Rates as low as \$25.00 from Chicago, \$20.00 from St. Louis for the round trip, on first and third Tuesdays monthly. Sixteen carloads of people went down on our excursion of January 15th!

Do not let the arguments sound reasonable? Would you like to learn more about the country? Then write me today. Address: JOHN SEBASTIAN, Passenger Traffic Manager, Room 5, La Salle Station, St. Louis, Mo. CHICAGO ST. LOUIS ROCK ISLAND-FRISCO LINES

ELECTRIC LIGHT

In the home brings happiness to young and old alike. It pleases the housewife by its freedom from smoke and soot; the husband finds comfort in his reading lamp, which can be moved about wherever he wants it; even the children take delight in switching it on and off; dark halls and sleeping rooms are no longer dreaded by them if electricity is the illuminant.

**"MAN ALIVE"**

What are you paying \$10 for gold crowns for? Don't you know that Dr. Richards is making the very best gold crowns in Janesville at just \$5 each. Be alive to your own interests. Let him do your dentistry. Let him put that extra \$5 bill in your inside pocket. Sentiment is all right. But it takes the money to buy groceries. If you choose Dr. Richards for your dentist you may have your teeth properly cared for and at the same time enjoy the comfortable sight of that extra five dollar bill peeping out at you every time you open your purse. How can he do it? Because he has not signed a written agreement with 8 or 10 other dentists swearing to charge everybody \$10 each for gold crowns. He makes the best crowns made in the city. They are pure 22K. gold. They are beauties. His price of \$5 leaves him a reasonable profit and he is satisfied. Office over Hall & Sayles' Jewelry Store, West Milwaukee street.

**BAKER MANUFACTURING CO. SEEMS TO HAVE SOLVED LABOR QUESTION.**

**ANNUAL MEETING REPORTED**

**Evansville Concern Prospering and Employees Are More Than Satisfied with Wages.**

[Special to the Gazette.]  
Evansville, Wis., Feb. 6.—The Baker Manufacturing company of this city has, it would seem, solved the much-mooted question of strife between labor and capital. Believing that the worker is contented and satisfied when he receives what he considers his just portion of the profits from the combination of his labor and the employer's capital, the management of the concern instituted profit sharing several years ago. It appears that this plan has passed the experimental stage and proven successful.

**Stockholders' Meeting.**  
Such conditions were shown to exist when the reports for the year 1906 were made at the recent meeting of the stockholders. The sales average \$1,000 a day, a gain of more than thirty per cent over the past year. One hundred and thirty hands were employed and weekly pay roll was about \$1,600. Eighteen per cent of this wage roll was paid as dividends and \$40,000 in stock was issued; to the men. Much new machinery was purchased and a new building costing \$25,000 was erected and an addition to the paint room is being contemplated. The officers elected were Allen S. Baker, president; A. I. Taggart, vice-president; J. M. Bodenberger, secretary; J. S. Baker, superintendent.

**Fire-Proof Building**

The new building is a three-story warehouse, 158x80 feet, with a floor space of 40,000 square feet, and is absolutely fire-proof. Not a piece of wood was used in the construction and the result has been one of the finest storage structures in the country. The walls are of brick and cement and the floors of reinforced concrete. A new method of reinforcement was used and has proven by test to be superior to any other. The windows, being of glass reinforced with wire netting, evidence the stability toward which the management was working when this building was completed.

**STRIKING ICE MEN SPENT DAY IN CITY**

Seventy-nine Cutters From Lake Mills Refused to Live in Quarters Furnished by Knickerbocker Co.

Some thirty or more Lake Mills working men were in the city today enroute home from Twin Lakes, Ill., whether they went yesterday and the day before to enter the employ of the Knickerbocker ice company. Seventy-nine men in all were given transportation to the scene of work and promised good pay. But the ice company furnished sleeping quarters that the men did not consider clean enough for animals and they returned home immediately. Forty reached Lake Mills last night and the remaining number expect to be back there tonight.

**Buob Company's Harvest.**  
The Buob Brewing company has a force of twenty-eight men at work now harvesting a supply of ice for next summer's use. Hard, clear 12-inch ice is being cut from the pond and two warehouses, one 50x80 feet and the other 60x30 feet, are to be filled.

Clerk read the appointment of Thos. Everson of the town of Spring Valley, as follows:

To Howard W. Lee, County Clerk of Rock County:

I, the undersigned, town clerk of the Town of Spring Valley, in said county, do hereby certify that at a meeting of the supervisors of said town, duly held therein, on the 12th day of January, 1907, Thos. Everson, one of said supervisors, was duly designated to attend the meeting of the county board to be held on the 15th day of January, 1907, and to act as a member of said county board from said town; J. E. Egan, the chairman of said town being unable, from sickness, to attend said meeting of the county board.

Attest: J. E. Egan, Chairman.

Town Clerk of the Town of Spring Valley.

Dated at Spring Valley, this 12th day of January, 1907.

Mr. Everson took his seat as member of the county board.

Clerk submitted order number 1610 and asked for permission to correct same and was instructed to do so.

Petition of C. H. Hemmings in regard to appropriation for stationery, postage, etc., referred to Committee No. 17.

Clerk read bill against Milwaukee county and asked for instructions in regard to same.

Sup. McEvoy.

Moved that clerk make a demand on Milwaukee county for bill of Rock county.

Adopted.

Sup. S. Smith.

Moved that matter of barn at county farm be made special order for two o'clock tomorrow.

Adopted.

Petition of O. D. Antisdel in regard to appropriation for stationery, postage, etc., referred to Committee No. 17.

Rev. Van Slike addressed board in behalf of Seaman's Friend Society.

Clerk read request from district attorney as follows:

To the Honorable County Board of Rock County:

Gentlemen: Since the date of the determination of the salaries of the various county officers by your honorable body, there has been enacted a law establishing a municipal court for Rock county at Beloit, Wis. The establishment of this new court at Beloit has, thereby, increased the duties of the district attorney, so that at the present time the office requires practically all my time and attention. During the last two years of Mr. W. A. Jackson's term as district attorney, the county paid his stenographer, a salary of eight dollars per month and also paid his telephone bill. It is necessary that the district attorney have a stenographer for the reason that in the trial of criminal cases of importance, there is a great deal of work for the stenographer to do in typewriting the briefs, preparing the instructions which are asked of the court, making copies of the testimony of the various witnesses and other

wise looking after the district attorney's office which he is in court and out of the city. The district attorney also provides and furnishes all his own books, pays his own office rent, also for heating and lighting, type writer, safe and other furniture and fixtures necessary for use in a law office.

Your honorable body can readily see that after paying office rent of sixteen (\$16.00) dollars per month, also paying twenty-four (\$24.00) dollars a month for a stenographer, together with the lighting bill, etc., that it does not leave the net salary of the district attorney's office even sixty dollars a month, the amount paid to the assistant of the clerk of court.

It is just as necessary that the district attorney have a stenographer and telephone as it is that the other county officers have clerks or stenographers.

Therefore I would ask your honorable body to at least pay part of the expenses of my present stenographer, also provide for a telephone for use in my office.

All of which is respectfully submitted.

JOHN L. FISHER.

Referred to special committee for future report.

Sup. Skavlem.

Moved that a special committee of three be appointed and that they report at some future time during this meeting.

Adopted.

Chair appointed as such committee Sups. Skavlem, Cannon, and Smiley.

Sup. Livermore addressed the board in regard to an old lady at county house; whereby she could be sent to the Old Lady's Home.

Sup. Cannon moved that the matter be referred to Geo. Seigmiller, superintendent of poor, to settle as he saw fit.

Adopted.

Sup. Seigmiller reported that he had settled bills number 111 and 112 at fifty cents on the dollar.

Supervisors Hemmings and Antisdel submitted their annual reports and same was referred to Committee No. 17.

Sup. Livermore presented the following resolution and moved its adoption:

Resolved, by the County Board of Supervisors of Rock County, that the sum of \$175.00, or so much thereof as may be required, be appropriated out of the general fund for the purchase of a book typewriter for the use of the county clerk's office, and the clerk and chairman of this board are hereby authorized to draw such order and purchase such typewriter.

Adopted.

Sup. Bear submitted the following:

To the Board of Supervisors of Rock County:

Gentlemen: Special committee that was continued at the last meeting of this board would report that we met at the office of register of deeds on the 15th day of December and entered into an agreement with C. H. Weirich, register of deeds, to recopy all records in his office in need of recopying, for the sum of eighty (\$80.00) dollars—one half to be paid by register and

one half by Rock county. We also recommend the purchase of an additional bookkeeping machine for the register's office at a cost not to exceed one hundred and seventy-five (\$175.00) dollars. We further recommend that the Building committee be instructed to advertise for bids for refurnishing the register's office with metal furniture and let the same to the lowest bidder.

There is hereby appropriated the sum of eighteen hundred dollars, so much thereof as may be required to carry out the recommendations of this report.

Sup. Livermore moved that report be received and placed on file.

Carried.

Sup. Ebbott submitted the following:

To the Honorable Board of Supervisors of Rock County:

Gentlemen: Your Committee No. 15, appointed for the purpose of purchasing fuel, blanks, books, stationery, printing and incidental expenses, offers the following report:

Receipts.

To cash on hand Jan. 1, 1906, \$1,242.58

To cash by appropriation, 4,000.00

\$5,242.58

Disbursements as per vouchers, \$5,236.33

By cash on hand, 7.25

\$5,243.58

Expenditures for the year 1906 classified as follows:

Binding and blanks, \$1,105.10

Printing, 474.18

Fuel for court house and jail, 983.50

Lighting court house, 133.77

Water used at court house, 83.91

Water used at jail, 72.80

Stationery and postage, 246.87

Telephone rental and tolls, 232.90

Express and freight charges, 62.68

Miscellaneous expenditures, 129.23

Printing election notices and ballots, 1,308.74

\$5,236.33

Your committee would further report that included in the above are items amounting to \$15.40 that are chargeable to the expense of the municipal court of Janesville, including the rent of one telephone, and would recommend that a bill for one-third of that amount be presented to the city of Janesville as its share of the expense of this court, chargeable to the municipal court of Janesville, in accordance with chapter 423, laws of 1905.

Also included in the above are items amounting to \$321.50 that are chargeable to the municipal court of Beloit, including the rent of one telephone, and would recommend that a bill for one-half of that amount be presented to the city of Beloit as its share of the expense of this court, chargeable to said city in accordance with chapter 423, laws of 1905.

Sup. Skavlem offered the following and moved its adoption:

To the Honorable Board of Supervisors:

Gentlemen: Your special committee, appointed to consider the publication of the district attorney, with reference to the payment of stenographer and telephone for the office of district attorney, respectfully reports.

That they have made due inquiry into the matter and find that the duties of the office of district attorney have been largely increased since the fixing of the salary of said office, by the creation of a municipal court at Beloit, and we deem it but justice to the present incumbent of that office, for the county to pay for one telephone at his office and also twenty dollars (\$20.00) per month for stenographer, and recommend that the county pay for one telephone at his office and also employ (Miss Mina Lund) a stenographer for the employment date from February 1, 1907. All of which is respectfully submitted.

Sup. of Assessments F. P. Starr spoke at length in regard to assessments.

Sup. W. H. H. Johnson submitted report of committee No. 1, as follows:

To the Honorable County Board of Rock County:

Gentlemen: Your committee to

whom was referred the petition of Harry A. Knapp, of Evansville, Wis., Freeborn D. Brooke, of Evansville, Wis., and Mary D. Coleman, widow of Rev. J. D. Coleman, deceased, asking for the return of certain taxes, paid for the years 1900, 1901, 1902, 1903 and 1904, desire to state to your honorable body that we have consulted the district attorney and that he has informed us that in his opinion the taxes for the years 1900 and 1901 should be returned to the petitioners, and after carefully investigating the case and upon the recommendation of the district attorney, we desire to recommend to the county board that the taxes assessed by the city of Evansville against the property described in the said petition for years 1900 and 1901 be returned to the petitioners, above mentioned, and the amount so returned be charged back to the city of Evansville with interest at seven per cent. We therefore recommend that the sum of eight and 95-100 dollars (\$88.95) be paid to Harry A. Knapp, the sum of eight and 95-100 dollars (\$88.95) be paid to Freeborn D. Brooke, and the sum of twenty-four and 95-100 dollars (\$24.95) be paid to the administrator of the estate of Rev. J. D. Coleman, deceased.

Regarding the petition of J. G. Wickham, city treasurer of the city of Beloit, asking for the cancellation of certain tax certificates, will say that we have examined into the same and would recommend that the petition be granted and that the sum of one and 55-100 dollars and interest at seven per cent, amounting in all to one and 70-100 dollars (\$1.70) be paid to T. S. Nolan, the holder of the said certificate, and that the clerk of Rock county be directed to cancel the said certificate and charge the same back to the city of Beloit.

The attention of your committee No. 1 has been called to a certificate No. 49, issued to N. Walsh, on the 15th day of May, 1906, and upon investigation finds an erroneous description of lands covered thereby, has been used both in the tax sale and certificate and the same void and of no effect by reason thereof.

Now, therefore, your committee recommends that four and 20-100 dollars (\$4.20) the face of the said certificate, and twenty-one cents interest be refunded to N. Walsh or his administrator, being principal and interest at seven per cent from date of issue until date of cancellation. That clerk be instructed to cancel said certificate and charge the above amount back to the town of Center.

The attention of your committee No. 1 has been called to the tax certificate No. 23, issued to Rock county on the 15th day of May, 1906, and upon investigation, finds an erroneous description of lands covered thereby, has been used both in the tax sale and in the certificate and the same void and of no effect by reason thereof.

Now, therefore, your committee recommends that sixty-five cents, the face of said certificate, and 3-100 interest be refunded to Rock county, being principal and interest at seven per cent from date of issue until date of cancellation, and that the clerk be instructed to cancel the said certificate and charge the above amount back to the town of Avon.

All of which is respectfully submitted.

Sup. Livermore submitted the following:

To the Honorable Board of Supervisors of Rock County, Wisconsin:

Gentlemen: I wish to respectfully call your attention to the needs of the municipal court of the city of Beloit for some books. The only books of any kind that we have in the court is a rather dilapidated set of statutes and the session laws which descended to us as a legacy from the police judge's practice before the court. It is sometimes not a little inconvenient for them and the court as well, to send out after those books. Sometimes they are not to be had at our library in common with Mr. Adams and the books are often in use when needed. There are also some works on criminal law that are needed in the court that are not in our library.

I believe that the following ought to be purchased by you for the said court: One set of statutes; one set of annotated statutes; some good work on criminal procedure; a set of Bailey's Wisconsin Digest; one set of Wisconsin reports. While some more books could be used at advantage, I believe that the above are highly necessary for the prompt and satisfactory carrying on of the work of the court. I respectfully ask your consideration of the above.

Respectfully yours,

C. D. ROSA.

Adopted.

Referred to Committee No. 15.

Sup. Livermore.

Moved that district attorney give an opinion as to who should legally settle bills for municipal court of Beloit.

### HOUSE REFUSES TO INSERT PROJECT IN MEASURE.

### POSTAL BILL REPORTED

Physician Denounces Administration of Hot Springs Reservation—Senate Still Discussing Indian Bill.

Washington, Feb. 7.—The advocates of a 14-foot channel for the Mississippi river from Chicago to St. Louis, and the gulf met defeat Wednesday, when the house, in committee of the whole, having under consideration the river and harbor appropriation bill, voted to stand by the recommendation of the committee in opposition to the project. Although there was much speechmaking on the part of the friends of the measure, they secured only 43 votes for the amendment as against 145 against it.

Earlier in the day Mr. Dalzell, of Pennsylvania, offered an amendment providing for the continuance of work on dam No. 7 on the Ohio river, but it was defeated on a test vote which showed that the chairman of the river and harbor committee, Mr. Burton, had a large majority of the house with him as to any amendment to the budget which has not his sanction.

Report on Postal Bill.

If the post office department were given credit for all the service it renders the government, the deficit in postal receipts would be practically eliminated, according to the report of the house committee on post offices and post roads on the post office appropriation bill which was submitted to the house Wednesday.

The government departments and other government offices in Washington reported that for the six months period ended December 31, 1906, the postage upon matter they sent through the mails would have aggregated \$2,285,427. The committee estimates that it is fair to assume \$5,000,000 worth of mail is carried for the government annually from Washington without credit to the post office department. The deficit in the post office department for the fiscal year 1906 was \$10,516,996 and the committee estimates that this would be entirely covered if it were possible to compute the amount of mail franked by federal officials in all parts of the country in addition to the amount of free mail going out of Washington.

The total amount carried by the bill is \$209,416,802.

## WHY BRITONS WIN OUR GIRLS

Because Englishmen Are More Devoted, Says Harmsworth.

### AMERICAN MEN ALL TOO BUSY

Noted English Editor Declares They "Rush" Their Courtships and Neglect Real Devotion—Tells His Reasons Why Englishmen Make the Better Husbands.

The reason why so many American girls choose English husbands is that the Englishman is more devoted and knows how to treat her better than does the American, was the explanation recently given at the Hotel St. Regis, in New York, by Alfred Harmsworth, Lord Northcliffe, who arrived on the Kaiser Wilhelm der Grosse, says the New York American.

"The most interesting thing about America is her woman—at least that is what Englishmen think, and we ought to know, for we have in London this very flower of American womanhood—women of your country who have married our men and who never come over to this side unless it may be to make 'mamma' a brief visit or to see how the States have grown," said the great English editor.

"The American girl likes our men better than she does the American. It's because he knows better how to treat her.

"I have studied the American girl, not a little bit—and it is after much careful observation that I have come to the conclusion that our men make better husbands for the American girl than your own men. The American woman likes him better. What the American woman likes—what any woman likes—is to be adored—to be worshipped—to be worshipped, in truth—and that is where the Englishman has the advantage over the American. He adores, worships, lavishes his affection on his wife.

"The American calls us a stupid lot. He loves to tell the American girl those stories, referring to the slow going ways of the average Englishman. The Englishman may be stupid—I don't think so—but if he is his stupidity is of a sort that appeals to the American girl so much that she marries him. Let the American man deny that! I can prove what I say by statistics—actual figures.

"Why, do you know, it has got to be so that when an American girl marries an American the public is truly grateful. The newspapers devote columns to the event. They speak of her common sense and of her—I was about to say heroism, but I will modify that—of her fine love of home and things of the sort. That in itself proves my statement. The American girl who through choice and of her own volition marries the American is so singularly rare that she needs be publicly commended for her noble act."

"You say these conditions exist, Lord Northcliffe. Why is it so?" was asked. "For many reasons. I have told you one—that the Englishman worships his wife. Then, while the American is busy making money for his wife the Englishman is busy making love to his. In the last analysis a woman prefers a man who makes love to the one who can make money. The American woman is indeed fortunate. She has the advantage of having fathers who make money, and she marries the Englishman—who makes love to her.

"Your men, I take it, are too much in a hurry in their love affairs. They 'rush' a girl. That word is strictly American in the sense I have just used it and very apropos of the methods your men pursue. The Englishman never rushes in anything, particularly not in matters that affect his heart. A woman is flattered by the time he takes in his love-making. To the American girl used to the other sort of man it is refreshing and has in it a subtle flattery. I dare say, that eventually wins her over. Your men 'rush' the poor creature to death, and all sentiment goes glimmering.

"American men may make fairly good lovers before marriage; they may shower their fiancées with American Beauties, they may stuff sweets down their pretty throats; they may provide all sorts of entertainment, but it is so palpably lavished upon the girl that she becomes surfeited with the purely material demonstrations of the man's affection.

"He forgets to tell her that he loves her; in his businesslike way he recalls the day when he honored her with the avowal of his affection and he looks with pride upon the four carat solitaire or the band of brilliants which gleam upon her third right-hand finger, and like that famous 'ad' he thinks 'out'.

"But with us it is different. A man is more devoted after he is married than before, and while he does not buy roses by the ton, he does not forget the bunch of violets or the roadside buttercup, it might be, of which he has heard his wife express herself as fond on some happy occasion in the past—an occasion of which she may have forgotten until reminded of it through the thoughtfulness and sentiment of her husband.

"Those are some of the reasons why our men make American women better husbands. Your women are filled with sentiment; they must have flattery, must have affection, and when the American gets to taking too much for granted the 'stupid' Englishman comes in and flies off with the Yankee bride."

"When asked if they had any paper trust in England, he replied:

"We don't have any trust at all. No trusts. John Bull is so stupid that he won't have any trusts. Say that. Say those very words."

Woman Who Was Shot at on the Streets of Kenosha Says It Was Her Fault.

Mrs. Jane Snyder. The funeral services of the late Mrs. Jane Snyder were held at the home of her daughter, Mrs. Charles Noyes, 110 Pearl street, at half-past two o'clock yesterday afternoon. Rev. R. M. Vaughan officiating. The remains were taken to Richland Center today and burial was made there.

### WANT FUNERALS PUT THROUGH.

Instructions. That. Sometimes Surprise a City Undertaker.

"Life and death both are strenuous in New York," said an undertaker of that city. We get orders sometimes that shock us.

"Not long ago we had a call from a family who asked us to make a hurry up job for the reason that they had arranged to sail for Europe two days later and they didn't want to postpone the voyage.

"What would you think of a woman who asked to have her husband buried as quickly as possible on the ground that a few days before his death they had agreed to a separation and that she would like to put away the deceased before the newspapers heard of the marital troubles? That is exactly what happened.

"Only yesterday a man came into our office and said that his mother-in-law had just died and that he would like to send her body south as soon as possible because his wife wanted to attend some sort of function three days later.

"In the good old days in some parts of the country it used to be the custom for friends of the family in which a death occurred, to sit up with the corpse. In a case given to us a few months ago we were asked to send a couple of genteel appearing employes to the house to keep the vigil. We did it, but I confess to you it seemed to me rather heartless."

## NEGROES DISLIKED IN BROWNSVILLE

ANOTHER WITNESS TELLS SENATE OF THE SHOOTING.

### AFFRAY PLOT OF WHITES

Former Sergeant Fraser Says Citizens Wanted to Get Rid of the Colored Soldiers.

Washington, Feb. 7.—The senate committee on military affairs began its third day of the Brownsville hearing Wednesday. Former Sergt. Israel Harris, having concluded his testimony, was permitted to return to his home in Boston and was succeeded by Jacob D. Fraser, former first sergeant of Company D, Twenty-fifth Infantry. Senator Foraker conducted the examination and he told the story of the affair in question.

### Believes Negroes Innocent.

Fraser testified that each man was allowed 20 rounds of ammunition, ten of which were carried in a belt and ten in a cartridge box. The cartridge boxes were not carried during the inspection, but were left at quarters. About two days after the trouble all ammunition was ordered turned in, and all was properly accounted for. Asked if he had anything to do with the trouble Fraser answered no, and said he did not know of any other member of his company being engaged in it. Nor did he believe that any members of his company were in the affray. He had withheld no information and declared there was no conspiracy of silence.

Fraser said he had heard of previous trouble with colored soldiers in Texas, but knew of nothing "fierce" about trouble.

"He stated it as his belief that the citizens of Brownsville had themselves 'shot up' the town to drive the soldiers away. Mr. Overman asked: 'Do you think citizens would kill one of their own number—commit murder—to get you away?'

### Wanted Colored Soldiers Removed.

Fraser replied: 'I don't know whether any one was killed; they wanted us away. Colored men would spend very little money in the saloons on account of their treatment, and the citizens of Brownsville wanted white soldiers, who would spend the money.'

With reference to the contention that the citizens of Brownsville were disguised as soldiers the fact was brought out that the witness had testified in a former hearing that the citizens might have procured discarded caps and uniforms from soldiers who had been there before them. He said to-day, however, that all men in the Twenty-fifth wore hats. In describing the cleaning of a gun for inspection, Fraser stated that it took from half an hour to 40 minutes. Sergt. Harris had previously testified that it took about ten minutes.

### New Nebraska Railway Bill.

Lincoln, Neb., Feb. 7.—In the house Wednesday a bill was introduced providing for a two-cent fare on railways for persons over 12 years and one cent under that age, with a five-cent minimum fare and 200 pounds' limitation of baggage.

Washington, Feb. 7.—Representative Hepburn, of Iowa, chairman of the house committee on interstate and foreign commerce, is confined to his home by a severe cold and has not been to the capitol for two days.

## TALK OF Y. M. C. A. FOR CUT-OFF CITY

Church People Agitating Matter—Baptist Ladies Aid Society Is Prospering.

[SPECIAL TO THE GAZETTE.] Evansville, Wis., Feb. 6.—The matter of organizing a Young Men's Christian Association in Evansville is being agitated among the church people of the city and some definite action may be taken in the near future. "Emergency Work" Pays.

The Ladies Aid society of the First Baptist church who a short time ago advertised to do "Emergency Work" are meeting with excellent success, and have cleared considerable money. This is a new feature of church work, and not only helps the society but is a great benefit to the patrons, as there has long been need of some in this city to do just such work. The work is performed by experienced housekeepers and is well and neatly done and prices reasonable. They will provide menus for banquets, furnish you with all kinds of bakery goods and confectionery, pressed meat, pickles and jelly, art work, care for children by the hour, do all kinds of plain sewing and mending and in fact anything along these lines that the public may need.

### Club Entertains Club

The Tuesday Tourist club will entertain the Women's Literary club next Tuesday evening, Feb. 12, at the home of Miss Gertrude Eager. The entertainment will be in the form of a theatre party.

### Brother-in-Law Dead

Isaac Shorman recently received the sad news of the death of his brother-in-law, W. W. Crocker of Montrose, Dane county. Mr. Crocker was an old resident of that county, having lived in that section for nearly sixty years.

### Personal Mention

Mrs. Dr. Colony and Mrs. Fred Jones, who recently went south hoping to be benefited by a change of climate, are located at Roswell, New Mexico. They report ideal weather, the trees just coming into bud and the days so warm as to enable one to go about without a wrap.

Fred Baker, wife and son, Loyal left Tuesday morning for New Orleans. They will be gone about two weeks. The trip is taken mainly for pleasure and they will visit relatives in Chicago, St. Louis and other points on their return.

Willoughby H. Walker has an attack of pneumonia. At his advanced time in life his many friends are anxious.

J. K. P. Porter is at the home of his daughter, Mrs. Alex. Richardson, in a low state. It is announced that his recovery is impossible.

Charles Meinke, who travels in the interests of a prominent correspondence school, is with his mother here a few days.

Hiram Patterson was a Monroe visitor Tuesday.

Roy Munger and daughter Nina are visiting relatives in the west.

Ina Shorman is with relatives in Madison this week.

Dry and green wood is now being drawn into this city very freely. Prices however are still unchanged. James Kingdom with his engine does the sawing.

## EVOLUTION AND EXPANSION BY MEANS OF ADVERTISING

Every enterprise—especially every store—is advertised occasionally in an ADEQUATE WAY. The aggressive advertiser should aim always to make last month's BEST advertising this month's AVERAGE advertising; and this month's BEST advertising next month's average. THIS WILL MEAN NATURAL AND POSSIBLE EVOLUTION AND EXPANSION.

As "it is possible to sprout an acorn in a green-house, but impossible to grow an oak there," so it is possible to advertise a store in a small space—BUT IMPOSSIBLE TO GROW A "BIG STORE" IN LESS THAN BIG ADVERTISING SPACE.
